50th Anniversary of the Library

AJ Eastwood Library will be celebrating its 50th anniversary this fall. We will commemorate the event on Wednesday, August 31st, 2016 in the library conference room, from 2:00pm to 4:00pm. Cake will be served. All are welcome to attend!

Know Your Library Day

The library will hold Know Your Library Day on Wednesday, August 31st, 2016 starting at 8:30am. We will be set up outside in front of the fountain with giveaways and games until 1:00pm. The giveaways will continue in the library after 1:00pm. Stop by and see what the library can do for you and your students!

New Equipment

We now have a total of 11 desktop computers located on the first floor, including a large size monitor equipped for visually-impaired users. In addition to desktops, we now have a total of 38 laptops and 20 iPads. Both laptops and iPads can be used to print.

New printers and copiers have been installed in the library. The copiers have new features including a built-in stapler. The new printers allow for two-sided copies. All library computers, laptops, and iPads are set up to print to the new machines.

Laptop Bar and New Furniture

There is now a designated laptop bar on the first floor, located near the periodicals on the back wall. The laptop bar has two charging stations built into the table for easy use of the library’s laptops.

There is also new lounge furniture near the laptop bar, providing an alternative, more relaxed space for students.

New Library Staff

The library is excited to welcome our new Information Literacy Librarian, Karen Caputo. Karen received her B.A. in English from Ohio State University and her M.L.I.S. from Kent State University. Before coming to Limestone, she worked as a librarian at Franklin University in Columbus, Ohio. Karen is available to deliver library instruction services, including in-person and virtual instruction sessions, extended campus visits, and library research guides, as well as provide reference and archival services.

Library Services for Faculty

The library has a professional guide to assist Limestone College faculty in finding information about integrating library resources in Blackboard, requesting material, finding electronic books, placing items on reserve, dissertation resources, and more. Faculty can access this guide by visiting the library guides and selecting “Library Services” from the Browse by Group selections.

Course Guides

Did you know that the library can create a guide specific to your course? To view courses already created, visit our Browse by Subject guides. Please email Karen Caputo at kcaputo@limestone.edu for more information.

Ask A Librarian

All Limestone College students, faculty, and staff can use the Library’s Ask A Librarian service 24/7. This wonderful feature has a vast resource of frequently asked questions with answers to assist you anytime you need information on topics such as library research, databases, library policies, and more.

[Choice Reviews Online](#) is available at the library [Faculty Services](#) page. Please submit requests to Steve Smith at [ssmith@limestone.edu](mailto:ssmith@limestone.edu). Other recommendations from remote faculty go to the division chair, who will pass them on to the library.

**Academic Integrity and Plagiarism Workshop**

In an effort to ensure that all Limestone College students are familiar with the term plagiarism, the AJ Eastwood Library developed a “Plagiarism Workshop.”

- Review of the plagiarized assignment
- Review of specific plagiarism case studies
- A homework assignment will be given that will help address the particular issues of the plagiarized assignment.

Once a student has successfully completed the Plagiarism Workshop, they can send a copy of the completed quiz to their instructor.

**Flip in the Library**

The library has a video recorder called the “Flip” on hand for faculty to use in classrooms, for live lectures, Blackboard, and more. The Flip camera can record up to two hours and allows you to capture high quality videos with a push of a button! Faculty can check out the Flip camera for two weeks.

**Flicks to Go**
